

The Tucumcari News AND TUCUMCARI TIMES

Published Saturdays

The Tucumcari Printing Co. Inc.

Official Paper of Quay County and
City of Tucumcari.

Subscription, \$1.00 the Year

Entered as second-class matter October 30, 1905 at the post office at Tucumcari, New Mexico under act of Congress of March 3, 1879.

To the People of Tucumcari.

With this issue I sever my connection with the Tucumcari Times, having sold out to the Tucumcari Printing Company, which will consolidate same with the News.

I desire to thank the people of Tucumcari and especially the business men, for the hearty support and liberal patronage accorded me, and hope you will continue to give the same to my successors, who have my good will and best wishes.

Respectfully,

A. E. CURREN.

As per statement of Mr. Curren in the foregoing The Tucumcari Printing Co. has purchased the Tucumcari Times, The Tucumcari Times Publishing Co., and has with this issue consolidated the two papers. Mr. Curren pays all bills against The Times Publishing Co. and collects all accounts due that company up to and including January 14, 1907, except subscription which he will collect up to date of January 1, 1907. The Tucumcari Printing Co. now has the best equipped newspaper and job office in northeast New Mexico and will appreciate the patronage of everybody needing anything in the printing line.

Respectfully,

THE TUCUMCARI PRINTING CO.

Two cases of knives were stolen last week from the show cases at Goldenberg's store by some small boys. It would be a good idea for the parents of the small boy to keep him employed at something about home when he is out of school, by so it doing may be the means of keeping him out of jail. A curfew law will be a good thing for this city, and we understand that our city council is now considering the matter very seriously. The quicker they accomplish this the better. They will likely have the gratitude of a good number of mothers and fathers.

Chas. D. Haney of Bentonville, Ark., of the Haney-Summers Nursery Co., came in Thursday and will establish a nursery at this place.

About Some Needed Legislation

Hon. N. V. Gallegos, representative elect to the 37th House, said in answer to a question: "I am going to leave for Santa Fe on the 19th inst. The Legislature convenes on the 21st, and I want to be there on time to begin with the first of the members the labors for which the people of the 8th district have elected me. I do not wish to say very much about the measures I am going to work for at this time. You know I am only one out of twenty-four members who are going to have a say in the laws this Assembly is going to enact, but this much I will say: I certainly shall devote all of my time and energy to accomplish something for the counties of Quay and Guadalupe, and will, wherever possible, serve my constituency with my best efforts. There are many acts which I have in mind that I intend to introduce or try to have introduced at the proper time during the Assembly session, also, there are some of the laws we have on our statutes which I am studying carefully, for the purpose of making up my mind whether or not they should be repealed. I have one thing in mind in particular that I am very much interested in, and that is the extension of our county a little further north, say four or five townships. Most of the people residing in the locality which we should have to square Quay up on the north are making very earnest requests that this be done. The people of the southern townships of Union are too far from the county seat of that county and in easy reach of Tucumcari where they desire to transact whatever business they have with their county seat. This is their trading point where they buy their supplies and sell their produce, and in justice to them they should be made a part of Quay. It would please me very much if those who are interested in this legislation would petition the legislature praying to be annexed to Quay county. Also I would be pleased to have the people of Quay county express their desire in the matter in the most forcible way possible. And I would consider it a great favor if any citizen of Quay or Guadalupe counties would communicate with me about any and all matters of legislation which may be thought necessary for the Assembly's consideration."

Mr. Gallegos assures us as an earnest questioner that he will at

all times be at the command of his constituency in any way he may be able to serve them while in office.
